

This detailed urban planning map illustrates the proposed development for the Gölevi area. The map is characterized by a complex network of land use zones, infrastructure, and topographical features. Key elements include:

- Land Use Zones:** The map is divided into various colored zones representing different land uses. Yellow zones are prominent in the upper and central parts, while blue zones are scattered throughout. Green areas represent parks or green spaces. Red dashed lines with triangles indicate specific boundaries or infrastructure paths.
- Infrastructure:** A network of roads and paths is shown, including a major road labeled 'YKK' (Yeni Köy Yolu) running diagonally across the lower part. Other roads are labeled 'BHK' (Büyük Halk Yolu) and 'YKK'. A railway line is also visible on the left side.
- Topographical Features:** The map shows the terrain with contour lines and a river or stream flowing through the area. A large body of water, possibly a lake or reservoir, is located in the upper right quadrant.
- Urban Layout:** The map shows a grid-like urban layout with various blocks and plots. Some plots are labeled with numbers (e.g., 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, 36, 37, 38, 39, 40, 41, 42, 43, 44, 45, 46, 47, 48, 49, 50, 51, 52, 53, 54, 55, 56, 57, 58, 59, 60, 61, 62, 63, 64, 65, 66, 67, 68, 69, 70, 71, 72, 73, 74, 75, 76, 77, 78, 79, 80, 81, 82, 83, 84, 85, 86, 87, 88, 89, 90, 91, 92, 93, 94, 95, 96, 97, 98, 99, 100). The map also shows existing buildings and structures, some of which are labeled with numbers (e.g., 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, 36, 37, 38, 39, 40, 41, 42, 43, 44, 45, 46, 47, 48, 49, 50, 51, 52, 53, 54, 55, 56, 57, 58, 59, 60, 61, 62, 63, 64, 65, 66, 67, 68, 69, 70, 71, 72, 73, 74, 75, 76, 77, 78, 79, 80, 81, 82, 83, 84, 85, 86, 87, 88, 89, 90, 91, 92, 93, 94, 95, 96, 97, 98, 99, 100).
